Priceline bookings may involve change fees, but these are rooted in the underlying airline or hotel policy—Priceline doesn't arbitrarily assign them 【+1-(877)-361-0442】. For flights, change fees can range widely based on the fare class and carrier rules. For hotels, non-refundable or Express-Deal rates often prohibit changes entirely, while standard rates might allow free modifications up to a specific time. Yes, you may face change fees after booking through Priceline—these stem from the provider's fare or reservation rules 【+1-(877)-361-0442】. If you've booked an airline ticket, your ability to change and associated fee is dictated by fare type; for hotels, the policy depends on room rate and type (non-flexible deals like Express often prohibit changes) 【+1-(877)-361-0442】. Priceline acts as a booking channel, not a policy-maker: change fees are set by airlines or hotels involved in your reservation 【+1-(877)-361-0442】. Most legacy airlines charge \$200–\$300 or more for changes, and Priceline's Processing Fee might also apply. For hotel bookings, non-refundable rates typically forbid changes, while flexible ones offer free cancellation up to a set window. Review the fare or reservation rules shown on your itinerary and call their support line for a breakdown of change costs before making adjustments.

When you change plans booked via Priceline, any fees incurred are decided by the airline or hotel—Priceline itself doesn't add arbitrary fees unless you selected optional protection like Cancellation Coverage 【+1-(877)-361-0442】. Your booking details will highlight whether changes are permitted and how much they cost. Non-changeable deals, like Express or Name-Your-Own-Price, typically can't be modified at all. Before requesting a change, call +1-877-361-0442 to confirm your booking's flexibility and see the exact charge you'll face.
